DIAMONDS ARE FOREVER

75TH

JEWEL BALL 2021

LAS PATRONAS
Dear Friend of Las Patronas,

It is with great excitement, and in anticipation of better times ahead, that Las Patronas prepares to celebrate 75 years of service to the San Diego community. We are proud to present our 75th Anniversary Jewel Ball — *Diamonds Are Forever* — and hope that you will support us.

On August 7, 2021, *Diamonds Are Forever* will take guests on an exhilarating, jaw-dropping mission they won’t soon forget, at the unparalleled La Jolla Beach & Tennis Club. All of the funds raised from the event will be distributed to deserving nonprofits throughout San Diego County.

We invite you to help us continue our tradition of giving by becoming an In-Kind Donor to our 75th Anniversary Jewel Ball. In-kind donations include gifts of service, entertainment, or food and beverages that help us reduce the cost of the Jewel Ball. Each donation that reduces our costs helps us to better serve the San Diego community. Our goal this year is to help an even greater number of San Diego residents in need by increasing the number of grant requests we are able to fund, and your contribution will help us get there.

Through your donation to Las Patronas, you’ll be helping support so many San Diego nonprofits in need, as well as receiving exposure for your business to a valuable market of potential consumers. Thank you for your consideration, and please feel free to contact us with any questions. As we reflect upon what matters most during this difficult time, we are grateful for our supporters. We couldn’t do this without you!

Sincerely,

Rowena Treitler

Serving San Diego County
Celebrating 75 Years
changing lives in the San Diego community since 1946

“The grant from Las Patronas for a new refrigerated delivery van could not have come at a more critical time for us. Since February, we have almost quadrupled the number of meals we are serving on a daily basis. We are now providing over 200,000 meals every month. People need food now more than ever, and we wouldn’t be able to meet the increased need without the new delivery van Las Patronas funded.”

Paul Downey, President and CEO, Serving Seniors

Fall 2020 minor grant recipients

“What a blessing it is to be able to partner with Las Patronas and receive a much-needed new food delivery truck to support our operations. One in three families in East County are food insecure. We are using the new truck to pick up food from grocery stores and local food banks and transport it to families and individuals throughout East County who find themselves in need of food. Thank you so much to Las Patronas — we appreciate all that you do for our San Diego community and especially your support for the Salvation Army in East County.”

Captain Sean Kelsey, Salvation Army - El Cajon Corps

LAS PATRONAS
Partnering with the San Diego Community since 1946
A Tradition of Giving

Las Patronas is a philanthropic organization with a long history of giving. Since its inception in 1946, Las Patronas has donated nearly $25 million to over a thousand charitable institutions in San Diego. The funds distributed to these organizations are generated through yearlong fundraising efforts and the annual presentation of the Jewel Ball, one of San Diego’s most enduring social, cultural, and philanthropic traditions.

Las Patronas is highly respected for its fiduciary responsibility to its donors and its great stewardship of each contribution it receives. The Las Patronas grant process involves a thorough evaluation of each organization that applies for funding, including the review of its mission, operations, and capital needs. All qualified grant applicants are visited onsite and interviewed by a team of Las Patronas members. Grant requests are then reviewed by the entire membership to prioritize funding for the most critically needed capital items. This process ensures that Las Patronas grants are distributed to nonprofit organizations whose mission and reach will have the greatest impact on the citizens within our community.

All funds raised by Las Patronas stay in San Diego County and are distributed to many small nonprofits as well as larger, more visible organizations. By giving to Las Patronas, a company or individual diversifies its philanthropic giving – reaching children and seniors, the homeless and the disabled, emergency response teams and the military, as well as supporting scientific research, health services, the environment, and cultural arts – in a broad geographical range throughout San Diego.

In partnership with its nonprofit beneficiaries, Las Patronas contributes meaningful assistance to our local community, touching countless lives and making San Diego a better place for everyone.

As you look over the list of our recent beneficiaries, you will see we have chosen nonprofits that cover a wide range of services. Here are just a few examples of what your support meant in 2020:

- **Interfaith Community Services** – Van to provide transportation to community members in need of services
- **La Jolla Community Center** – New roof for their facility to host programs for adults and seniors
- **Museum of Contemporary Art San Diego** – Commercial cargo van to safely transport valuable artwork
- **The Salvation Army – El Cajon Corps** – Box truck to expand their food assistance program for individuals and families
- **Scripps MD Anderson Cancer Center** – 3D Tomosynthesis Mammogram System to improve screening accuracy and provide early diagnoses
- **Serving Seniors** – Temperature-controlled truck to deliver nutritious meals to homebound seniors
- **UC Veterinary Medical Center, San Diego** – Cardiograph machines to expand medical services for animals throughout San Diego
- **Urban Corp of San Diego County** – Pickup truck to support conservation projects and education for at-risk youth
- **Zoological Society of San Diego** – Video monitoring system to allow close observation of animals requiring medical attention
Your Contribution

Seven great reasons to contribute to Las Patronas

Put your donation to work where it’s needed most in our community.
Las Patronas is a 100% volunteer-run organization with no paid staff. All net fundraising proceeds go to our beneficiaries.

Know exactly where your financial giving goes.
Las Patronas provides needed funding for critical capital items such as equipment and capital improvements rather than salaries, overhead, or consumable supplies.

Simplify your research efforts.
Las Patronas researches every grant application thoroughly and requires competing bids for proposed purchases. A team of Las Patronas members visits every requesting organization for an interview and facility inspection.

Reach a broad geographic range within San Diego County.
All of your sponsorship dollars stay in San Diego and are directed to nonprofit groups located throughout the County.

Diversify your giving through one simple sponsorship opportunity.
Las Patronas takes care to balance the allocation of funds among a variety of organizations. This allows your contribution to benefit seniors, military families, the homeless, and disabled members of our community, in addition to medical, youth, cultural, educational, and environmental organizations.

Make a difference by reaching deserving groups that are often under the radar.
Las Patronas considers proposals from highly visible community organizations but also supports smaller groups that have little fundraising expertise. Institutions such as Scripps Health and The Old Globe share the funding stage with neighborhood clinics, educational programs, small arts groups, and organizations assisting underserved communities.

Be a vital and visible community partner.
We are delighted to create ongoing positive media opportunities through our own newsletter, website, social media, La Jolla banner program, and Jewel Ball collateral material, as well as through community sources such as newspaper articles and our beneficiary organizations.
Our Partners

Las Patronas gratefully acknowledges the following individuals, families, foundations, and organizations that so generously served as our 2020 community partners by supporting us in the amount of $3,500 or more.
